

Before Leaving Home...

NOTE:

Laptops are preferred as course materials will be provided to you on a USB drive***

NOTE:

If you are using a MAC computer, please bring your own adapter for use with the data projectors available for your individual presentations. **WORKSHOP WILL NOT PROVIDE MAC COMPUTER ADAPTERS.**

We advise that you PRINT THIS INFORMATION GUIDE including the MAPS (In colour if possible), as this is all helpful upon your arrival at McMaster University campus.

Make sure that you have all travelling documents required (passport or visa) before making your journey to **Hamilton, Ontario** - Canada. It will speed things up coming through Canadian Immigration.

<http://www.cic.gc.ca/english/visit>

For those participants travelling by air, **don't forget your passport!!!** You must have a valid passport if you are travelling by air between Canada and the United States.

Clothing and Spending Money:

We would like to suggest that you bring casual apparel (blue jeans, shorts, sweats), as all courses and social functions are informal - business apparel is optional. In the event that it might be a little cool in the evening, a light sweater or wind breaker would be sufficient.

Folks have asked us how much money should they bring with them for the week, and this, of course, is a personal preference. It has been recommended that you allow yourself about \$40.00 to \$50.00 per day for your breakfasts, lunches and the odd dinner you will need to purchase.

Local Weather Conditions:

June through August are the summer months where the days are warm with an average temperature of 25.2C (80F). Although the nights can be cool, the temperature rarely dips below 13.8C (58F). As we tend to have some rain during this time, please pack an umbrella
